

JD MACDONALD SCHOLARSHIP

John Douglas MacDonald--"JD" to his family and friends— was born in Corpus Christi, Texas on December 12, 1973. He graduated from Douglas MacArthur High School in San Antonio in 1992 and joined the United States Navy. He served for 12 years. He graduated from the Defense Language Institute in Monterey California fluent in the Serbo-Croatian. He served in or visited 27 countries during his stint in the navy and afterword. He made hundreds of friends all over the world. JD had a way with people. They enjoyed his company because he enjoyed being with them. He had a way of being with you.

JD spent one tour in Croatia and two tours in Iraq. The men who served with JD in Iraq said that he was one of the best at what he did. They gave him the American flag that flew over their duty station during his last tour in Iraq. JD died in a car accident on November 5, 2010. He was 36 years old.

"I want to see everything and do everything," he said, "I just can't stand missing anything." We are grateful to Frog Street Press for this award. JD would have loved the idea!

Dallas Splash
July 18-20, 2013
